

5/9/2024

Annwyl Rhieni/Gwarcheidwad,

Ar ôl trafodaeth gyda'r dosbarth ar ddiwedd tymor yr haf, rydym wedi dewis thema newydd ar gyfer y tymor sef 'Blociau Bywyd.'

Yn ystod y thema bydd cyfle i'r disgyblion:

- ddysgu am wahanol swyddi a gyrfaoedd
- ddysgu am arlunwyr lleol ac efelychu eu gwaith celf
- fynd ar ymweliadau addysgol
- gasglu gwybodaeth gan siaradwyr gwadd
- roi ffocws ar les; ffrindiau, teimladau ayyb
- ddysgu am adeiladau enwog yng Nghymru
- ddysgu am adeiadau crefyddol
- ddysgu am anifeiliaid a chynefinoedd

Bydd y plant yn cael cyfleoedd i wneud amrywiaeth o waith ymarferol yn ystod y thema.

Bydd ein gwaith gwyddoniaeth yn cael ei gynllunio yn fyw yn y dosbarth, yn ddibynnol ar beth sydd yn y newyddion gyda chwilfrydedd y plant yn sbardun i'r ymholiadau gwyddonol.

Rydym yn awyddus i wrando ar lais y plentyn wrth gynllunio ac ar unrhyw gyfraniad rhieni. A fuasech cystal â thrafod gydag eich plentyn os oes gennych chi syniadau ar gyfer ein thema os gwelwch yn dda.

<https://forms.gle/yRQdPSrDRxoDGJnA9>

Bydd diwrnod addysg gorfforol ar Ddydd Gwener eleni. Gofynnwn i blant gyrraedd yr ysgol yn eu gwisg ymarfer corff os gwelwch yn dda. Bydd y sesiynau addysg gorfforol hyn ym Mhlas Arthur ar y dyddiadau hyn: 13/9; 20/9; 27/9; 4/10; 11/10 a 18/10.

Gofynnwn am gyfraniad at gost bws i'w dalu drwy school gateway tuag at y sesiynau hyn.

Bydd gwaith cartref yn cael ei osod ar Ddydd Gwener i'w ddychwelyd ddim hwyrach na Dydd Mercher.

Gofynnwn yn garedig i chi sicrhau bod eich plentyn yn dychwelyd eu llyfrau darllen gyda'r cofnod darllen wedi ei arwyddo gan riant/gwarcheidwad bob dydd Iau.

Diolch am eich cydweithrediad,

Mrs Heather Williams

Athrawes y dosbarth oren (blwyddyn 3 a 4)

Dear Parent/Guardian,

Following a discussion with the class at the end of the summer term, we have chosen a new theme for the term which is 'Building Futures.'

During the theme pupils will have the opportunity to:

- learn about different jobs and careers
- learn about local artists and replicate their artwork
- attend educational visits
- collect information from guest speakers
- focus on wellbeing; friends, emotions etc
- learn about famous buildings in Wales
- learn about religious buildings
- learn about animals and their habitats

During the theme, the children will have opportunities to take part in a variety of practical activities within their work. Our Science topics will be planned in the moment in the classroom, depending on what is in the news, whilst the children's inquisitiveness will be used as a hook for our science investigations.

We are eager for the children's voice to be a part of our planning as well as the parent's contribution. Please can you discuss the theme with your child and share your ideas by completing the questionnaire.

Physical education lessons will be on a Friday. We ask that the children arrive at school in their sports clothes. These physical education sessions will be at Plas Arthur on the following dates: 13/9; 20/9; 27/9; 4/10; 11/10 and 18/10. We ask for a contribution towards bus costs to be paid through school gateway for these sessions.

Homework will be set on a Friday to be completed no later than Wednesday.

We kindly ask that you ensure that your child returns their reading books along with their reading record that has been signed by a parent/guardian every Thursday.

Thank you for your cooperation,

Mrs Heather Williams
Orange class teacher (years 3 and 4)
