

For the attention of years 5 and 6 parents

September 10th 2020

Annwyl riant,

Theme: War and peace

This term we will be focusing on the theme 'War and peace'. This theme focuses on skills in history and the pupils will learn about various conflicts in the past – with a particular focus on the Second World War. The pupils will understand why conflicts have started, its effect on the daily lives of people and children and about important figures, as well as the social impact. The pupils will write narrative pieces based on historical facts, and will also learn about the effects of other wars in the past.

The pupils will learn about:

- the political, social and economic reasons that contribute towards war
- the chronology of various conflicts
- the effect of war on people's lives in Wales
- the influential people
- various historical sources to gather information

The pupil's voice is important to us. The link below provides an opportunity for the pupils and parents to suggest their ideas regarding the theme:

Suitable clothing for Physical Education is required on Fridays. During this period the pupils are welcome to keep their kit in a separate bag on the peg in the changing rooms.

Homework will be set on the Google Classroom platform on Friday to be presented no later than Wednesday.

Thanking you for your continued support.
HEJones/Sue Legge (ClassTeachers)
